

COMPTON UNIFIED SCHOOL DISTRICT

# DIGITAL RESOURCE GUIDE

## **A Note to The Parents/Guardians**

The Compton Unified School District is dedicated to enhancing and expanding the educational experience of all our students. The digital programs that have been adopted by the district are useful tools that will help your child succeed and grow. These programs are used in school throughout the day. Some are available for your child to use at home.

This handout contains the necessary information that will help you support your child at home.

Thank you for all that you do!

# Clever

Clever is the login system used by Compton Unified School District. It allows students to access multiple programs by just logging in once. Logging into Clever is easy. Just follow the steps below.

## To log on from home:

1. Go to [www.compton.k12.ca.us](http://www.compton.k12.ca.us)
2. Select STUDENTS (bottom of page)
3. Select Clever
4. Log in with active directory
5. Enter student's district login credentials (provided by school)
6. Select program

## PROGRAM INFORMATION

### Description

Achieve3000 is a web-based literacy program that helps students reach grade level reading. Students will learn about the world by reading articles and practice reading and writing skills essential for the SBAC assessment and college and career readiness.

### Goals for monitoring:

The district goal is for students to complete two lessons per week with an average score of 75% mastery. Please encourage students to read one additional story a week at home to accelerate reading growth.

### Student Login

Students can log in to Achieve on any device with Internet access (computer, tablet, Chromebook, iPad, or Smartphone).

## PROGRAM INFORMATION

### Description

i-Ready is a web-based program in Reading and Math (K-12) that finds your student's challenges and proficiencies. I-Ready immediately addresses both with online and teacher-led instruction for all students—below grade level, on grade level, and above grade level.

### Includes

- Adaptive diagnostic- Screens all students and pinpoints needs down to the sub-skill level.
- Instruction- Each student receives a prescriptive path of learning based on the results of their diagnostic. It is automated on line differentiated instruction, guided practice and ongoing assessment. Engaging and motivating for students
- i-Ready provides Common Core lesson plans for teacher-led instruction and purposeful practice.

### i-Ready Recommendation

Encourage students to use the program for **at least 45 minutes** per week.

## PROGRAM INFORMATION

DreamBox Learning Math is an online adaptive learning K-8 math program. At its foundation, the program is built upon three elements:

- **Motivating Learning Environment** - The gaming nature of DreamBox keeps kids in control and engaged.
- **Intelligent Adaptive Learning Engine** - provides millions of personalized learning paths—each one—tailored to a student's unique needs.
- **Rigorous Elementary Mathematics** - DreamBox is built to be aligned with all the state standards.

### **DreamBox Recommendations:**

1. Use DreamBox 2 –3 times per week at home or at school (60 minutes)
2. Allow students to complete lessons on their own
3. Give students at least 20 minutes per session
4. Encourage students to complete at 5-8 lessons per week

## PROGRAM INFORMATION

Imagine Learning is a web-based program with a strategic, research-based curriculum that meets students at their own level. With Imagine Language & Literacy, every child receives explicit, targeted instruction within an individualized learning path that continually adjusts to their needs. Over 4,100 engaging activities teach critical language and literacy concepts such as basic vocabulary, academic language, grammar, listening comprehension, phonological awareness, phonics, and fluency. Educators trust the program because it is differentiated, standards-aligned, rigorous, and effective.

**English Language Learner Support:** Imagine Language & Literacy provides strategic first-language support to facilitate and enhance English language learning. As students become more proficient in English, this language support gradually fades. Along with strategic translations, the program also uses peer modeling to illustrate concepts more clearly: same-age peers explain what words and phrases mean via rich, contextualized examples.

## PROGRAM INFORMATION

Wonders is a comprehensive K-5 ELA/ELD program built on the new standards. Through its intentional instruction, inspiring content, and purposeful technology, Wonders prepares all students for college and career in the 21st century. Connect your students to core standards and discover the power of fully connected programs built for English Language Arts, English Language Development, intervention, and immersion. Make every instructional minute count as students move ahead efficiently, always focused on the same skills, strategies, and standards. Wonders is filled with exemplars, award-winners and other high-interest literary and informational texts that range across many genres, eras, and cultures. Wonders makes the connections that prepare students to succeed.

### Student Login

Go to the Student Link on the District Website

1. Click on My Google Apps
2. Click on McGraw-Hill Education

## PROGRAM INFORMATION

Smarty Ants is a program for pre-K to second-grade students learning to read. The program is self-paced and individualized to meet each student's personal reading goals. To assist students throughout each lesson, students can click on the coach character to receive extra tutoring at home.
