**INTENT**

This addendum is issued prior to receipt of proposals and provides notice of an update to the RFQ/P packet as stated below. Acknowledgment of this Addendum shall be made by the authorized respondent providing his/her initials as the authorized designee/representative of your firm and including the initialed document in the submittal. This document should be placed immediately following the Non-Collusion Form. Please refer to page 14, item #10 of this RFQ/P packet.

1. Question: I am looking over the school sites and I count 46 sites, but at the bid walkthrough they mentioned 47 sites, can you please clarify on that.

Response: The site locations noted in exhibit 6 are those that are to be serviced. The Chavez/Tubman/Marshall site should be counted as one sight since it is located at the same site address.
